

Nursery News

September

This week in Nursery

With Autumn brings lots of exciting and seasonal learning opportunities! So far we have been printing with leaves, counting and crushing conkers and making hedgehogs with playdough. We have also been busy harvesting the tomatoes that have been ripening over the Summer. Inside we have been exploring our new dinosaur den. We have been exploring different textures inside the den and thinking about what dinosaurs might eat or how they would have lived. It has been a very busy two weeks and we are looking forward to where our learning takes us next!

Contribution Tree

As you come into Nursery you may have noticed a new tree display on our parents board. This is our contribution tree. Each week there will be leaves displayed with the names of items we are often in need of in Nursery. This may include items such as shaving foam, cotton buds or pine cones for example. We ask that, if you are able to, you take a leaf from the tree and add it to your shopping basket that week or perhaps collect it on a walk with your children. There will be a basket underneath the tree where contributions can be left. We would be extremely grateful for any contribution that can be made.

All About Me

We ask that you please return your 'All About Me' sheets that were sent home with the last Newsletter. We would really like to include these on your child's display square so that their interests are always at the heart of everything we do.

Please also ensure you have returned your passcode letters to the school office.

Spare clothes

We are still in need of spare clothes due to our increasing numbers. In particular we would welcome donations of jogging bottoms and leggings.

Coats

Please ensure that your child is sent in with a coat everyday due to the changing weather.

We love to dance and write...

We have begun an exciting new writing journey called 'Write Dance'. This is a series of songs that we use to develop our writing skills through dance and early mark making that we like to call scribbling!

Home Learning Task

With it feeling so Autumnal outside it would be a great opportunity to take a leafy walk! We would love for the children to bring in anything that they find on your walk. This could be leaves, conkers, acorns, sticks or anything they find interesting.

Dates and events

After half term we will be arranging a parent meet and greet session and an opportunity for you to stay and play with your child. Dates to follow.
