

Nursery News

June

Welcome back after half term – we hope you all had a lovely time together. As always the children have come back raring to go and have made some fantastic progress already

You will have noticed that we have had a bit of a move around of the Nursery room indoors. We do this to reflect the needs and interests of our children and to ensure that our environment remains a stimulating and exciting place for the children to explore and learn in. Thank you for coming along to the teddy bears picnic, we all had a lovely morning. We recently enjoyed scones and tea for the royal wedding- we made our own crowns too. We have been enjoying the weather, spending all our time in the garden building on a large scale.

Lots of children have found an interest in mark making and getting messy, we have been practicing writing and exploring ways to mark make in the messy tray using mud, sand, shaving foam, glitter and cornflour.

The children have been looking at shapes in the environment, going on shape hunts and matching shapes to the ones we can see in the room.

We planted seeds last term, this term we have been looking after them and watching them grow. The children have been involved in watering them everyday and ensuring they have what they need to grow.

Father's Day stay and play

On Monday 18th June we are opening our doors for another stay and play session! The session will be on this date only and run from 8.30-9.40am. As it will have been Father's day that weekend it would be lovely to see some Dads, uncles and grandads in to play! However, we understand that this is not always possible so there is of course the option to send anyone else in with your child. We will only be able to offer one place per child. Please sign up with your child's keyperson.

Home Learning Task

The children have been working hard on their fine motor skills in school recently so this would be a great thing to practise at home. This could include doing up zips, using tweezers to pick up small items or threading beads into a string. It could also be using a pencil or practising colouring in the lines.

You could fill in a Wow star to let us know how your child is doing.

Reminder!
