

Olympic Project

It is of course an Olympic year. It is important to understand what has happened before so we can understand what is happening now. As part of this, we would like you to carry out some learning about the Olympics.

You could choose from the activities based on how you feel about them.

These are some of the activities you could do:

Great	Super	Cool	Marvelous
Draw and colour the medals that you win at the Olympics	Design an Olympic kit Create your own national anthem	Write a set of instructions for an event that takes place at the Olympics or Paralympics	Create a non-chronological report about the Olympics Write a persuasive letter to IOC (Thomas Bach) explaining why it should be included in the Olympics or Paralympics
Invent a race that could happen at the Olympics and have a go	Create a new sport for the Olympics and write down the rules.	Create a portrait of a famous Olympian or Paralympian	Identify some famous athletes. What do you notice about the origin of successful athletes? Explain your ideas.
Watch some Olympics on the computer and say what sport it is.	Make top trump cards for Olympic or Paralympic sports	Create an Olympic or Paralympic athlete fact-file	
Make an Olympic torch	Design a new Olympic medal	Draw a picture of the Ancient Olympics	
Talk to you adults about what sports take place at the Olympics or Paralympics	Identify 5 famous Athletes where they are from	Identify some famous athletes and place their home nation on a map	
Make a fancy relay baton
